Perfection - This spectacular home located in Stapleton's new spectacular **North End Neighborhood**. This Cosmos Mid-Century Modern home sits on a coveted premium lot facing west, located near beautifully landscaped parkways. Meticulously designed to capture the essence of Mid-Century Modern while integrating today's hottest trends in décor. You will walk into soaring ceilings with iconic beams and authentic double-sided fireplace with elegant tile surround. This home will take your breath away with unrivaled visual drama and design. The design showcases an exquisite gourmet kitchen with stunning Versilia Grigio quartz counters and dark grey painted shaker cabinets. The seamless flow integrates the intimate indoor and outdoor living spaces including a large covered patio with fireplace. And speaking of the latest trends we've included the Google smart home package! Don't settle for ordinary when you can have something incredibly special. Coming home should always feel this good.
